

\$10,000 for CHeBA to Honour Dad's Fight with Dementia

Supporter Martin Gregory has raised over \$10,000 for CHeBA's research in honour of his Dad's fight with dementia. We extend enormous thanks to Martin for his incredible fundraising efforts and for sharing his family's story. We wish Mr Gregory all the very best for his Friday night corporate fundraising event at The Star, Sydney.

Visiting Lecturer Professor Hachinski

CHeBA recently had the privilege of hosting Professor Hachinski to an engaged audience at NeuRA. Professor Hachinski outlined research suggesting we can begin preventing some dementias now. "The time has come not only to recognize the dementia tsunami, but to do something more about it," he said. *To be on our mailing list email cheba@unsw.edu.au.*

First Ever Inter-Generational Wipeout Dementia!

We are excited to announce that the first ever inter-generational Wipeout Dementia event is set for 25 May at Queenscliff! 14 duos across the generations of father/son, father/daughter and uncle/nephew have teamed up with just two duo spots remaining! Sponsored by Morgans, Kennards Hire, Ski Japan, Colliers International Residential and Cunninghams. Contact [Heidi Douglass](#) for more details.

NHMRC National Institute for Dementia Research Tour

Co-Director of CHeBA, Professor Henry Brodaty AO, convened the Sydney program of the NNIDR National Public Lecture Tour which showcased the latest in dementia care research and the challenges facing care in the community. *Pictured: Professor Ralph Martins, Dr Vincent Mor & Professor Henry Brodaty.*

Register for Dementia Research

Our colleagues at the University of Sydney invite you to join **StepUp for Dementia Research**; an online register of people (with and without dementia) interested in participating in dementia research within Australia. Registration is free, for those who are 18 years and older, and if you match with specific criteria for a study you will be connected with a researcher to find out more.

Avant Doctor in Training Research Scholarship Program 2019

Do you have an idea for improving the practice of medicine and enhancing patient care? The Avant Doctor in Training Research Scholarship Program provides funding for emerging researchers to conduct studies that contribute to a stronger future for healthcare, while advancing their careers. The 2019 program will provide up to \$450,000 in full-time and part-time research funding, as well as grants for short-term projects. Applications are now open.
