

CHeBA to support Kids4Dementia

Join Team CHeBA on the 17th of September in the 2017 Sydney Running Festival and help raise funds for Kids4Dementia! By walking, jogging, running or donating to the cause, together we can transform how children view and understand people with dementia.

CHeBA Research: Changes in Apolipoprotein Levels Identified

This research looking at age and sex-related differences in plasma levels of apolipoprotein suggest these levels are associated with lifespan and cognitive function in exceptionally long-lived individuals, according to lead author Dr Julia Muenchhoff.
