

The Dementia Momentum Appeal

One of the biggest global health challenges in history is that of dementia. To continue to take on the challenges of ageing and dementia The Dementia Momentum Appeal will run throughout this month. Donations to this Appeal are critical for us to increase our research output and for us to achieve our goal of developing sustained, long-term impact that helps to prevent dementia worldwide.

Please help us change the future impact of this insidious disease by making your donation to [The Dementia Momentum Appeal](#) in March 2018.
