

Centre for Healthy Brain Ageing (CHeBA)

Top-Up Scholarships

Top-up scholarships are available in UNSW's Centre for Healthy Brain Ageing (CHeBA), a high profile research centre that is undertaking research examining healthy ageing in older adults, with focus on the ageing brain and age-related cognitive disorders and dementia.

CHeBA undertakes ground-breaking research in a number of areas including neuroimaging, genetics/epigenetics, cognitive ageing, epidemiology and proteomics.

This top-up scholarship is to encourage exceptional students to undertake research at CHeBA.

Stipend Value

The top-up scholarship is available at \$10,000 per year (tax exempt) for up to 3 years of the PhD candidature.

Eligibility Requirements

- Applicants must hold an APA/IPRS or equivalent and will be undertaking a PhD degree at CHeBA, UNSW.
- The applicant's research proposal must relate to [CHeBA's research interests](#). A list of some of the research topics that are currently available are listed [here](#).
- The top-up scholarship is open to both domestic and international students.
- Applicants who are not Australian citizens or permanent residents will be responsible for their own university tuition fees, travel and living expenses.
- The awarding of the scholarship is subject to the discretion of the selection committee.

How to Apply

Applications should include the following: cover letter, 2 page research proposal with an endorsement by a CHeBA supervisor, CV, academic transcript and contact details for two academic referees.

Enquiries and applications should be sent to Angie Russell – angie.russell@unsw.edu.au.

Closing Date

Each semester will have a closing date: 8 February each year for students commencing at Semester 1, and 4 July each year for students commencing at Semester 2.
